Projects

1. E-organic (Type: E-Commerce-Website) Live Demo | GitHub-Client-Side
   Key Features:

- Responsive design, diverse devices, prioritize accessibility, features for enhanced inclusivity.

   Technology Used: JavaScript, HTML, CSS

2. Tea-House (Type: Café type Website) Live Demo | GitHub-Client-Side
   Key Features:

- A responsive and modern tea home website built with HTML, Vanilla CSS and Tailwind CSS using Daisy UI. This project is super responsive for all devices and includes a variety of tea sections, such as bestselling and top rated, as well as a client review section. Users can access match results, including final scores, goal scorers, and match statistics for past games.

   Technology Used: HTML, Tailwind CSS , Daisy UI .

3. Quiz-App (Type: Mobile Application) Live Demo | GitHub-Client-Side
   Key Features:

- A responsive and interactive quiz application built using Flutter and Dart. Features a clean and user-friendly interface with dynamic question-answer sections, score tracking, and results overview. Includes multiple quiz categories, each with randomized questions to enhance the learning experience. Designed for smooth performance and compatibility across a variety of screen sizes and devices. Incorporates animations and transitions to provide an engaging user experience

Technology Used: Flutter, Dart, Stateful Widgets, Material Design.
